## D. Provisions

### D.1 *Governance Documents Requiring MVLWB Approval*

Amendments of, or additions to Rules or Direction may be suggested by any board member, staff or stakeholder by providing the Chairperson of the MVLWB with a written notice of the proposed change or addition and the reasons the change or addition is requested.

Subject to the By-laws, the Chairperson will determine the appropriate mechanism to examine the suggestion (e.g. Ad Hoc committee, Standing Committee, staff) and will bring the results of that examination forward to the MVLWB for discussion or decision.

Non-substantive changes that do not affect the content of the document, e.g. Numbering changes, grammatical or style changes, changes to staff titles, etc. may be approved by the Executive Director or his/her designate.

### D.2 *Other Governance Documents*

Guidelines, Policy and Procedures shall be created by a board to meet the needs of their staff, members and stakeholders. When a board is creating these types of documents, they will ensure consistency with Rules and Direction, and will share the drafts with the other boards for comment.

A board will be responsible for the creation and approval of these documents for their use as required. For the MVLWB, the Chairperson may delegate responsibility to the Executive Director for the creation and approval of specific guidelines, policies and procedures.
